Summary: In a few sentences, highlight your achievements, concerns, or suggestions that you mostly want addressed. This should be the main point of your committee work:

This year, 3% of CALA members are active in the Mentorship Program. Most of the mentees are from library schools. While the committee hasn't received feedback from mentors and mentees on their mentoring experience this year, the committee receives no negative feedback so far. In order to increase participation of the Mentorship Program, future committee may want to explore ways to attract both mentor and mentee.
