Summary: In a few sentences, highlight your achievements, concerns, or suggestions that you mostly want addressed. This should be the main point of your committee work:

Both libraries were able to complete their projects with excellent outcomes. 1) San Diego Public Library were able to involve the students from the e3 Civic High School for a logo contest. The design was perfect for the project and they made bags using the winning logo. In addition, San Diego Library also had a great turn out on the day of the event with 40 patrons. Staff members helped out the event; Youth Services Librarian, Rebecca Jeng, helping with calligraphy activity and performing Mandarin story time. A local dance group, Moonlight Dance Group, performed during the event. 2) St. Louis Mandarin Chinese School made the announcement about receiving the grant to staff in January 2015. In February school began their small kick off in each Chinese Class. Students created their own book bags , and submitted a wish list for the teachers. In April, they ordered the materials to fill their library so that students can check out these materials. After books were received the school held a small celebration of having its own bi-lingual library for the students.
